

Empathy Map Canvas - User Research

Date: 18 June 2026

Project Name: House Rent

Maximum Marks: 4 Marks

HOUSERENT USER PERSONAS

PERSONA 1: RAVI (Age 25, Young Professional/Student)

SAYS:

- "I need a safe, verified rental platform"
- "I want detailed property info with clear pricing"
- "I want to know booking status in real-time"

THINKS:

- "Will this platform be safe from scams?"
- "Can I trust the owner is legitimate?"
- "Will I get quick responses?"

DOES:

- Searches multiple platforms
- Reads reviews and compares prices
- Reaches out to multiple owners

FEELS: Hopeful, anxious, frustrated, relieved

PAINS: Fragmented info, slow responses, unclear legitimacy

GAINS: Centralized platform, verified listings, real-time updates

PERSONA 2: PRIYA (Age 40, Property Owner)

SAYS: "I want to list property without complexity"

THINKS: "Will I get qualified inquiries? How to avoid bad tenants?"

DOES: Updates property details, manages inquiries, vets tenants

FEELS: Motivated, concerned, satisfied when booking confirmed

PAINS: Manual verification, scattered inquiries, no booking management

GAINS: Centralized platform, passive income, efficient management

PERSONA 3: AMIT (Age 35, Platform Admin)

SAYS: "I need to maintain quality and trust"

THINKS: "How to scale approval process? Prevent fraud?"

DOES: Reviews applications, monitors listings, tracks metrics

PAINS: Manual verification, no dashboard, scaling challenges

GAINS: Admin tools, automated workflows, analytics
